Maxon Furniture Introduces the Bainbridge Family of Seating

Renton, WA (June 12, 2006) — As part of our ongoing commitment to providing innovative, leading-edge office solutions, Maxon Furniture Inc. introduces the Bainbridge Seating Family of ergonomic task chairs, offering the perfect fit, complete support, and all day comfort.

The Bainbridge line includes a mid-back and high-back chair featuring adjustable seat backs, advanced ergonomic adjustments, contoured, overstuffed cushions, and upholstery available in a wide range of durable fabrics, vinyls and colors.

Individuals short and tall will find the perfect fit using Bainbridge's easy-to-use multi-adjust mechanism that regulates seat height, depth, angle, and back tilt, with 10 size and postural adjustments in all. Add a seat bottom cushioned with a full four inches of high-density polyurethane foam—and a sculpted, ratcheting height adjustable seat back providing wrap-around support for the back and lumbar area—and you have a chair that's perfect for everyone in the office.
