

2019 Maxon Pricebook

Prices effective January 1, 2019. Information in this pricebook is accurate as of January 1, 2019. The pricebook is updated quarterly. Go to www.MaxonEdge.com to find the most current pricing information in the electronic pricebook. Information is updated monthly in CAD and GIZA. Maxon recommends updating 20-20 Technologies software every month.

COM Program

Maxon understands that customers may at times want to specify fabrics outside of Maxon's standard fabric offering. Our COM program was designed to make specifying COMs on Maxon products a simpler, friendlier, and hassle-free process. This process is simple and easy to use, and is described below under "Maxon to Supply (MTS)." If a Dealer wishes to manage the COM process themselves, they can do so by following guidelines under "Dealer to Supply (DTS)". **MTS is the preferred method for all COM fabrics.** With MTS, Company will provide acknowledgment based upon planned date of receipt of COM fabric and manage the entire process. DTS is allowed if it is not a partnership fabric or if Company does not have access to the supplier. **DTS may cause order delays and is strongly discouraged.** Find out more about Maxon's COM process by emailing our COM Department at maxoncomteam@maxonmail.com.

Maxon to Supply (MTS):

1. Select the fabric you wish to use and check the COM Search on maxonfurniture.com at: www.maxonfurniture.com/design-resources/textiles-and-finishes/com-search. Or Call Maxon Customer Service to see if the fabric you have chosen has already been tested and approved on the product you are interested in. You will need to have the COM supplier's name, fabric pattern name, and color name to search for approved fabrics.
2. If your fabric is listed as an approved fabric, you may place your order directly with Maxon Customer Service. Please use the fabric code (e.g., S216426XP) from the COM Test Request on your order in the place of the standard fabric code.

If your fabric is not listed as approved, you will need to select the "Request COM Test" link on the COM Search website. Your name, company name and email will be prepopulated fields. The secondary email, project name, and bid/contract number are optional information. The supplier, pattern, and color will show a list by clicking in the box and entering the first letter of the name and these are free form text boxes. Once that information is entered click add. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.) Then click submit.

3. An email will be sent to the to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: Testing materials requested, in testing, and final approval/denial with price grade and fabric code. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes approximately 48 hours. Written COM price quotes hold pricing for 90 days after issue date.
4. Once the fabric has been approved by Maxon, enter your order directly with Maxon Customer Service. Maxon will purchase all COM fabric directly from the COM suppliers and schedule for production.

In the event that the Dealer decides to cancel a COM fabric order, the Dealer is responsible for the cost of the fabric plus a handling charge that is equal to 10% of the fabric cost.

Dealer to Supply (DTS):

1. Select the fabric you wish to use and check the COM Search on maxonfurniture.com at: www.maxonfurniture.com/design-resources/textiles-and-finishes/com-search. Or call Maxon Customer Support to see if the fabric you have chosen has already been tested and approved on the product you are interested in.

You will need to have the COM supplier's name, fabric pattern name, and color name for this inquiry.

2. If your fabric is not listed as approved, and it is not a Partnership fabric you may request a "Dealer to Supply" code. Select the "Request COM Test" link on the COM Search website. Your name, company name and email will be prepopulated fields. The secondary email, project name, and bid/contract number are optional information. The supplier, pattern, and color will show a list by clicking in the box and entering the first letter of the name and these are free form text boxes. Once that information is entered click add. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.) Then click submit.
3. An email will be sent to the to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: Testing materials requested, in testing, and final approval/denial with price grade and fabric code. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes approximately 48 hours.
4. Make sure to use a "Dealer to Supply" COM code (e.g., S216426ZP) and place your order directly with Maxon Customer Support.
5. All "Dealer to Supply" orders will be charged Grade 4 pricing for seating, and Grade D pricing for panels. Dealers will pay for the COM fabric separately.
6. All "Dealer to Supply" fabric must be sent on a fabric roll. Estimate the yardage required by using the yardage requirements listed in the price list by model. For questions please contact Maxon Customer Service.
7. Place your fabric order directly with the COM Supplier with instructions for the fabric to be sent on a fabric roll to:

HNI Textile Distribution Center

COM Production Yardage — PO Number
Docks 20-22
301 Mulberry Avenue
Muscatine, IA 52761

Information that **MUST** be included in the packing slip attached to the fabric:

1. Dealer's Purchase Order number to Maxon
2. Maxon's Tracking number for the COM fabric
3. Dealer Name
4. Yards of Fabric

If the fabric shipment does not match the correct fabric and yardage, Maxon will notify the Dealer for resolution.

If Maxon receives fabric with incorrect labeling that cannot be linked to an Maxon furniture order, Maxon will hold the fabric for up to 7 days, while the COM Expeditor attempts to identify the order. After 7 days, Maxon will return the fabric to sender. There are no exceptions to this policy.

Any canceled orders are subject to cancellation charges up to the full value of the Maxon product canceled. Maxon will determine the actual cancellation charge at the time the cancellation is requested.

8. For additional details on "Dealer to Supply" fabric refer to your Maxon terms and conditions.

Additional Policy Information:

The company assumes no responsibility for the overall appearance, flammability, normal durability, colorfastness, or any other quality standards. The Company reserves the right to reject a COM if the quality of the COM is not satisfactory for the product. Should this occur, the customer will be notified with an explanation within 7 working days of receipt of test materials.

The company is not responsible for fabric that has become obsolete at the COM supplier, that is of poor quality, or that is delivered late to the manufacturer from the COM supplier. Excess yardage will be disposed of at Maxon's discretion.

All cancellations or changes to COM orders are subject to Company approval. Because of the nature of COM, special fabrics, finishes, and structural modifications, products ordered as specials and then canceled prior to shipment are subject to cancellation costs up to the full value of the product canceled. The company determines the actual cancellation charge at the time the cancellation is requested. Upon approval, a cancellation number is issued to the Customer.

Purchase orders will not be accepted or entered unless the testing process is complete with positive results.

If all testing has been previously completed, re-testing is only necessary if fabric is to be used on a different product, or pattern direction has changed from that previously approved.

Previous test results can be obtained by a customer on the COM Search on maxonfurniture.com or by calling Maxon Customer Support.

All COM fabric will be applied to seating and panel systems Pattern Cut unless Railroad Cut is requested and approved on the COM Test Request. Any fabrics approved as a width pass, the dealer is responsible for clarifying Railroad Cut on orders containing items that are too large to support the Pattern Cut of a fabric application (any items larger than 48" high or wide).

**Fire Retardant**

The Dealer is responsible for ensuring that the COM fabric is certified to meet all flame retardant requirements.

For more information, please contact Maxon Customer Support.
Textiles: maxontextiles@maxonmail.com

Laminates (COML)

Maxon Furniture Inc. must approve all COML requests for specialty laminates. The order process is as follows:

- Maxon at its own discretion may modify its standard products with non-standard laminates to meet specific needs.
- Contact the Maxon Tailored Products Group for pre-approved Wilson Art laminates and pricing for special laminates.
- When requesting a special laminate please supply manufacturer, along with name and pattern number of laminate.
- The evaluation of requests will take no longer than 3 business days.

- Extended lead times will apply on orders containing special laminates.
- Due to manufacturing techniques, and quality issues, some product exclusions will apply and some requests may be declined.
- Maxon will contact vendor to verify availability and lead times.
- If the request is approved, Customer Support will contact you with pricing and leadtimes.
- If the request is denied, work with your Sales Representative for alternatives.

Edgeband (COM)

- Custom edge treatments are not available.

Special Product/Component Request

Due to Maxon's flexible manufacturing, we are able to provide specially sized products. The feasibility of the requests depends on the degree of changes needed in design, testing, materials and tooling.

- Contact your Maxon representative with the special component request.
- Your Maxon representative will review the request. Maxon will determine if it is an established special and if so provide pricing.
- Your Maxon representative will submit a special for internal approval and pricing. Most internal reviews will be completed within 3 business days of submittal.
- If the special request is denied, your Maxon representative will notify the customer and suggest other alternatives.
- Customer will be notified of approved products with a special request # for ordering. This number must be referenced on purchase orders.
- Special request quotes are valid for 6 months only.
- Standard lead time for all special requests is at least 15 business days.
- All special orders require a written purchase order.
- These orders cannot be cancelled, nor will Maxon accept a product return.

Modifications to Standard Product

- Requests for special modifications to standard products require engineering evaluations and product safety review prior to approval. Contact your Maxon representative or Customer Support with the specific requirements.

Obsolete Product

- Obsolete products are no longer available for order. Requests for production of obsolete product should be investigated through Customer Support. Customer Support will coordinate with the appropriate Maxon departments to determine if the request can be met and will communicate applicable upcharges. Special orders of obsolete product cannot be cancelled or returned. Requests for service parts and warranty on obsolete products should be directed to Customer Support.

Custom Warranty Exclusions

If Maxon Furniture Inc. agrees to use the COM or build a custom product:

- Maxon shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the COM, regardless of whether or not Maxon has tested the COM, and whether or not the COM has passed any Manufacturing Feasibility testing. Maxon disclaims all warranties, express, implied or statutory, with respect to the COM, including, without limitation, any implied warranties of MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, or NON-INFRINGEMENT.
- Maxon shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of a custom-built product, regardless of whether or not Maxon has tested the product, and whether or not the product has passed any Manufacturing Feasibility testing. Maxon disclaims all warranties, express, implied or statutory, with respect to the product, including, without limitation, any implied warranties of MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, or NON-INFRINGEMENT.
- Maxon shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any COM or custom built product, and the Customer shall hold Maxon harmless from all liability.

Special Paint Policy

Maxon at its own discretion may modify its standard products with non-standard paint colors to meet specific needs. Dealer is required to submit a special paint request via the Tailored Solutions Application on maxonfurniture.com. A sample of the non-standard paint color desired will be required for matching. Pricing, lead time, and order information will be provided at the time of approval.

- For each new requested paint, there will be a \$500 net fee to cover supplier costs to match the special item.
- For existing, previously-approved paints, there is no \$500 matching fee, however, there is a sample chip fee of \$100 net for paints.
- Samples, preferably at least 3" x 5" chips, of the exact color desired should be sent to the Maxon Tailored Products Group. Paint matches require (3) sample chips. Please mail these sample chips to the address below and reference the Special Item Request Number from Tailored Solutions.

Maxon Furniture Inc.

Attn: COM Department
200 Oak Street
Muscatine, IA 52761

- Maxon will color match the sample and send control samples to the address provided in the request. Dealer will review Maxon's color match and approve by signing the back of the sample chip. Send the signed sample back to the Maxon COM Team.
- Special paints will be assigned a paint price grade.
- Orders will not be accepted until Maxon receives the Dealer's written approval on the color match.
- Extended lead times will apply on orders containing special paints.
- Due to manufacturing techniques, materials, and quality issues, some exclusions will apply and some matches may be declined.

CARB Compliance Notice

Overview

The California Air Resources Board (CARB) has established limits on the emissions of formaldehyde from hardwood plywood, particle board, medium density fiberboard, thin medium density fiberboard, and finished goods containing these materials.

Effective January 1, 2009, hardwood plywood, particle board, medium density fiberboard, thin medium density fiberboard, and finished goods containing these materials must meet emissions limits given in title 17, California Code of Regulations section 93120.2. (refer to note below*)

All hardwood plywood, particle board, medium density fiberboard, thin medium density fiberboard, and finished goods containing these materials supplied to Maxon Furniture Inc. comply with the current requirements of the CARB regulation.

Note

CARB's rule includes a "sell-through provision", which allows for a timely clearing of existing inventories following the effective dates for Phase I and Phase II standards. For manufacturers of hardwood plywood, particleboard, medium density fiberboard, and thin density fiberboard 3 months sell-through period is provided. For distributors, a 5 month, and for importers a 3 month sell-through period is provided for hardwood plywood, particleboard, and medium density fiberboard, and thin medium density fiberboard manufactured before the Phase I and Phase II effective dates. An 18 month sell-through period is provided for distributors and importers of finished goods containing hardwood plywood, particleboard, medium density fiberboard, and thin medium density fiberboard.

Please see official information available from this link provided below:

Maxon® Limited Lifetime Warranty

Why the Maxon Limited Lifetime Warranty?

Maxon Furniture Inc. is dedicated to providing products and services that make doing business with us easy. We also strive to put our customers in a position to win with the performance products we produce, most of which are manufactured right here in the United States of America. We use manufacturing materials, recycling habits, lean processes and indoor air quality methodologies that reaffirm our say-do commitment to your environment. We are proud to say many of Maxon's product lines (Emerge, Prefix, Smartspace, Surpass, Prepare and Include) are SCS Indoor Advantage Gold certified as well as Level certified by BIFMA's Sustainability Program.

Best of all, Maxon Furniture Inc. fully stands behind our products and have a vested interest in your success. The Maxon Limited Lifetime Warranty is our assurance to you that the Maxon Furniture Inc. panel systems, frame and tile systems, worksurfaces, benching, desks, seating, tables, and storage you purchase will be free from defective material or workmanship for as long as you, the original purchaser, own it. In the unlikely occurrence any Maxon Furniture Inc. product covered by the Maxon Limited Lifetime Warranty shall fail, we will repair or replace any Maxon product or component that fails under normal commercial office use, free of charge. This warranty contains your sole and exclusive remedy for any warranty claim and is subject to the limitations, exclusions and other provisions set forth below.

What is covered by the Maxon Limited Lifetime Warranty?

All Maxon Furniture Inc. product lines, materials, and components are covered by the Maxon Limited Lifetime Warranty except for the items described below. The specific product lines listed below are covered under Maxon's 12-Year Limited Warranty and 5-Year Limited Warranties from the date of purchase.

Maxon 12-Year Limited Warranty

- Electrical components (lamps and ballasts are not covered).
- Adept seating controls.
- Adept pneumatic cylinders
- Accessories.
- Laminate surfaces.

Maxon 5-Year Limited Warranty

- Northport seating.
- Panel and seating textiles.
- Prepare and Smartspace Height-Adjustable Bases.

What is Not Covered?

This warranty does not apply to:

- Normal wear-and-tear, which is to be expected over the course of ownership.
- Damage caused by carrier in-transit, which will be handled under separate terms.
- Modifications or attachments to the product that are not approved by Maxon Furniture Inc.
- Products not installed, used or maintained in accordance with product instructions and warnings.
- Products used for personal or household use or for rental purposes.
- Customer's Own Material (COM) selected by and used at the request of the owner.
- Prepare and Smartspace Height-Adjustable Bases when not used with Maxon worksurfaces.

Seating Usage

Normal commercial office usage for seating is defined as the equivalent of a single shift, 40-hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

To Obtain Service Under This Warranty

Your Maxon Dealer is our partner in supporting your warranty requests. Follow the procedures outlined below for the best level of service:

Contact your Dealer from whom the product was purchased within 30 days of discovery of the defect. Be prepared to affirm you are the original purchaser of the product and to provide the serial numbers (s) from the product in question.

Your Dealer will gather all pertinent information regarding the claim, inspect the product and contact Maxon Furniture Inc. Customer Support representative. (Please allow a reasonable amount of time for inspection and review.)

If Maxon Furniture Inc. affirms that the product in question is eligible under the conditions of the warranty as stated above, the Customer Support representative or other representative of Maxon Furniture Inc. will determine whether to provide replacement parts, authorize repairs, or replace the product.

This warranty applies only to products sold within the United States of America and the Commonwealth of Canada.
